

## Camping Vacations In Style With Coleman Equipment

If you are planning a camping trip, you will definitely need some camping gear so help you prepare properly for your trip and focus on enjoying the beautiful outdoors once you are there. Camping vacations can now be easier than before with so many technology advances in camping gear.

Life at a campsite has never been better, and Coleman has been around many years to supply campers with the right equipment for a good camping trip. Coleman has a reputation of providing durable and quality camping supplies, including tents, furniture, hot water heaters and lanterns among other camping items.

If will be [tent camping](#) as opposed to in a camping trailer, you will definitely need a tent for your trip. Coleman's three-room camping tent is an excellent choice for camping and can make your trip quite comfortable. The three-room tent by Coleman is seventeen feet by nine feet and can sleep up to eight people. If there are only two campers, one room can be used for sleeping while the other two rooms for lounging, eating or for anything else you choose. Coleman has a selection of tents available including single man tents, pop-up tents and double room tents. Coleman also offers a great selection of camping furniture if you are looking for some cots or chairs to make your campsite more comfortable. You can find a canvas covered captain's chair, a standard deck chair and an oversized chair featuring a cooler. Coleman also sells cots allowing you to sleep off the ground rather than directly on it in a sleeping bag. There is even an extended length cot for taller people providing a comfortable place for everyone to sleep.

If you are looking for a couple's chair, Coleman also offers a double-seated canvas chair with a divider in the middle with a small pocket for cell phones or books along with two-cup holders for beverages.

Coleman also sells lanterns, something every camper needs. There is a family sized lantern, an LE3D micro lantern, a retro rechargeable lantern as well as a family sized rechargeable lantern. After a brief time looking around, you will soon find the lantern that will best meet your camping needs. Regardless of your choice, though, a lantern is one of the more essential camping items to bring along.

Finally, the selection of handy Coleman camping gear also includes a hot water heater. You can choose Coleman's on-demand portable heater, hot water on demand unit or even purchase a carrying bag to transport the heater. Those who prefer hot water for cleaning dishes or washing their hands and face will, especially, appreciate this hot water unit.

Coleman offers so much more beyond the items above. Go check out the market and you will be pleasantly surprised at the latest equipment available to make your camping trip comfortable!
