

A Guide to Swiss Army Knives

Victorinox Swiss Army Classic pocket knife/Microlight/Floatie set: All of the utility a boater needs while cruising in style. The Classic/Microlight pair that has always proven useful in a multitude of situations now features a floatie to keep keys bobbing if they happen to fall overboard. The Classic SD is equipped with 7 functions: knife blade, nail file, screwdriver, scissors, key ring, tweezers and toothpick. The floatie, light and the Classic are red.

Victorinox Swiss Army Classic Pocket Knife 125th Anniversary: The 125th Anniversary Classic comes in a dynamic new graphical treatment developed exclusively for this collection. The design--which includes a red body with gold accents--is inspired by the iconic logo that has marked every Swiss Army knife since 1909. When the Swiss Army signed that first contract in 1891, it wasn't just acquiring a knife--those could be obtained from master cutlers throughout Europe. What won the attention of the Swiss Army all those years ago was innovation, as the original Soldier Knife was the first multifunction knife to be developed in Switzerland. Now you can own a tribute to this piece of history with the 125th Anniversary Classic. The knife measures 2-1/4 inches closed and carries a lifetime warranty.

Victorinox Swiss Army Classic Knife: Translucent Sapphire Classic Knife, Contains: 7 Functions Including Small Blade, Scissors, Nail File With Screwdriver Tip, Key Ring, Toothpick, ... Tweezers, New Translucent Sapphire Handles, Ideal For End Cap Or Register Area, 4" x 7" Clamshell Package.

Victorinox Swiss Army Huntsman II Knife with AAA LED Flashlight: A great gift for the outdoor enthusiasts on your shopping list, the Swiss Army Huntsman pocket knife and LED flashlight make perfect stocking stuffers. From the makers of the original Swiss Army knife, this Victorinox Swiss Army combo includes a 15-function pocket knife and a AAA LED flashlight. The Huntsman II pocket knife features a large blade, small blade, corkscrew, can opener, small screwdriver (for Phillips screws), bottle opener, large screwdriver, wire stripper, reamer, wood saw, scissors, multi-purpose hook, tweezers, toothpick, and key ring. The LED flashlight is very efficient in converting energy into light than regular incandescent bulbs, resulting in a longer battery life. For light emission, the LED lights produce a brilliant uniform light allowing for maximum, more effective usage. The knurled grip feature provides the benefit of a non-slip handle as well as additional ergonomic comfort.

Victorinox Swiss Army SD Classic Swiss Army Knife, Polished Sterling Silver: All the tools on the SD Classic are made of 100 percent stainless steel, with rust-free aluminum alloy separators that keep the blades moving smoothly. The knife also features brass rivets and bushings that hold the layers together. The SD Classic measures 2-1/4 inches long, and like all Victorinox products, carries a lifetime warranty against defects in material and workmanship.

Victorinox Swiss Army Midnite Manager Pocket Knife: Swiss Army knives like the Midnite Manager with built-in mini-flashlights are especially useful and popular. This knife also sports a bottle opener with mini-Phillips screwdriver tip along with the usual useful features we've grown familiar with on a Swiss Army knife of blade, scissors, and file with regular screwdriver tip. The perfect piece for your pocket!

Victorinox 7 Grauten Edge Santoku Knife: Forschner Victorinox Cutlery comes from the makers of the original Swiss Army Knife, who have been crafting fine cutlery since the late 1800's. Swiss manufactured with the same quality standards recognized by Victorinox multi tools; High Carbon, no stain steel with a unique highly polished blade and finish unlike any other in the industry.

Victorinox Swiss Army Explorer with Free Pouch: The Victorinox Explorer Swiss Army Knife was designed for the recreational explorer. You shun the ordinary and charted parts of life. You're seeking new paths, roads, and avenues that lead to possible, new destinies. This pocket knife has 16 amazing tools that help you conquer the obstacles to new discovery; including a cap lifter, screwdriver, wire stripper, reamer, punch, key ring, tweezers, toothpick, scissors, multi-purpose hook (parcel carrier), Phillips screwdriver, magnifying glass, and of course the always reliable blade. All this in a small 3-1/2 inch body!
